Ahhhh oh kickin' with you  
Wooh  
Huh  
Yeah  
Uh

Here we are  
Here we be  
Both together now finally  
I'll be hoping that we could be opening up one another  
I'll be wishing and visualizing on your description about  
every night  
And uh calling attention to those I admire  
And while

Now I'm kickin' with you  
I'm kickin' with you  
I'm kickin' with you  
I'm kickin' with you  
I'm kickin' with you  
I'm kickin' with you

Uh huh

Every day can be a Saturday evening  
Celebration especially when  
Every day is just another good reason to keep on  
kickin' with you  
What you got you got a lot of hot something  
Ooh your lovin' is the luckiest one  
What you do when you do what you do makes me glad  
I'm kickin' with you

I'm kickin' with you  
I'm kickin' with you  
I'm kickin' with you  
Yeah you make it easy to do  
I'm kickin' with you  
I'm kickin' with you

Well this mission is plainly unexplainable

Listening to your grace and say well  
I can't get enough of that body language  
And then finally well I'm in my favorite place to be

Right here kickin' with you  
I'm kickin' with you  
I'm kickin' with you  
You make it easy to do  
Let's kick it with you  
I'm kickin' with you  
I'm kickin' with you

Let's break it down now...

I've said I'm glad but I'm kickin' with you  
Oh you whoa  
Yeah you know I'm a kick it with you  
Oh easiest thing to do is kickin' with you  
Always kickin' with you yeah

Kickin' with you  
I'm kickin' with you  
I wanna kick it with you  
I wanna kick it

Keeping on kickin' with you yeah

Yeah yeah yeah

Kickin' with you  
Kickin' kick kick

I'm gonna kick it with you girl  
I'm gonna kick it with you girl
