She is the bomb  
And she's blowing up  
She's sick and wicked and ridiculous  
She's all good in my neighbourhood  
Delicious and savage and  
I ain't mad at the million ways to describe her  
This girl is chill, the girl's on fire  
She is the bomb  
And she's mine

She's fresh, she's killer  
She's all flavour and no filler  
She's legit and she redonkulous  
So, biggidy-bang-bang and she's a hazardous  
She got the wackness, it's all happening  
She's tripping on life, fantastic  
Yeah she's it, and she's fit  
And she's slammin', cause she's the shit  
And

She is the bomb  
And she's blowing up  
She's sick and wicked and ridiculous  
She's all good in my neighbourhood  
Delicious and savage and  
I ain't mad at the million ways to describe her  
This girl is chill, the girl's on fire  
She is the bomb

And she's speaking my language  
Whatever you say, I like it, I like it  
Whatever your name is, it's all right to claim  
That she's mine, she's mine  
She's mine, she's mind  
And she's

Dope  
She's golden  
Momma's so hot she's moulting  
She's fly, but also heavy  
She's so off the chain, it's cra-crazy

Mean, so steamy  
So easy on the eyes and dreamy  
Yeah she's awesome, possum  
She's it

She is the bomb  
And she's blowing up  
She's sick and wicked and ridiculous  
She's all good in my neighbourhood  
Delicious and savage and  
I ain't mad at the million ways to describe her  
This girl is chill, the girl's on fire  
She is the bomb  
And she's mine

Yeah she's speaking my language  
Whatever you say, I like it, I like it  
Whatever your name is, it's all right to claim  
That she's mine, she's mine  
She's mine, she's mind  
And she's

She's the bomb  
She's the bomb  
She's the bomb  
She's the bomb
