I thank the boys who kicked my a-s when I was 17
I thank the ones who chose to laugh and those who
acted mean
I thank the bullies for body slams and accidents and
then some
They shaped my life; they made me like who I've
become

I thank the girls who gave a hand and showed me how
to dance
I thank the ones who passed who never gave a second
glance
I learned that it's okay for some to go and some to stay
They shaped my life; they made me love who I am
today
They shaped my life; they made me love who I am
today

And I'm so grateful to be here with ya
Yes, I'm so stoked to be in ARKANSAS!

I thank the captains of the boats who brave the sea
I thank the farmers for the sowing of the seeds
I thank the men who paved the roads I'm travelling on
They shaped my life, they took me down the path I've
gone

I thank the volunteers for giving up their time for free
I thank the engineers; all those who keep our water
clean
I thank the janitors for all their years behind the scenes
They shaped my life they taught me generosity
They shaped my life they let me see who I could be

I'm so grateful to be here tonight
Yes I. Yes I.

Thank the boys who kicked my a-s when I was 17
I thank the ones who chose to laugh and those who

acted mean
I thank the bullies for all the names they called along
the way
They shaped my life; they made me love who I am
today
They shaped my life; they made me love who I am
today

You shape my life. You make me love who I am today.
