Well I'm not just a song anymore  
I just might be the whole damn score  
I might be reeling in your head while  
you're sleeping in your bed at night  
well I'm not just along anymore  
I finally found what I've been lookin for  
I might be sitting in the passenger's  
side but not along for the ride  
Cause I have control of a home grown situation  
I lay back and then I turn the alarm off and turn out the  
light  
There's goin to be some quality sleeping  
'cause quality's keeping the quality up at night  
I am fixed to lay with my arms out and learning to fly

Through the darkest space  
Where I try to catch up to the catch phrase  
To human race I say let the games begin  
Under way say in conditions that we play in  
Maybe things are better this way  
may the games begin today awww

oh well...Cause I'm just above  
the aggrevation of love  
and I raise to opimistical fortune and toasting it twice  
I'm sitting high on an anytime any day night  
And I laugh to think I'm crying my eyes out well isn't it  
nice

[Chorus]

An open space when I finally catch up to the catch  
phrase  
The whole damn world is your toy  
Don't you want some love  
Don't you want things to always stay the same  
Don't you want your love to be the same as the last day
