Calm down
Deep breaths
And get yourself dressed
Instead of running around
And pulling all your threads
And breaking yourself up

If it's a broken part, replace it
If it's a broken arm then brace it
If it's a broken heart then face it

And hold your own
Know your name
And go your own way

Hold your own
Know your own name
And go your own way
And everything will be fine

Hang on
Help is on the way
And stay strong
I'm doing everything

Hold your own
Know your name
And go your own way

Hold your own
Know your name
And go your own way

And everything
Everything, it will be fine
Everything

All the details in the fabric?
Are the things that make you panic?
Are your thoughts results of static cling?

Are the things that make you blow?

Hell, no reason, go on and scream
If you're shocked it's just the fault
Of faulty manufacturing

Everything will be fine
Everything in no time at all
Everything

Hold your own
Know your name
Go your own way

Hold your own
(Are the details in the fabric?)
Know your name
(Are the things that make you panic?)
Go your own way
(Are your thoughts results of static cling?)

Hold your own
(Are the details in the fabric?)
Know your name
(Are the things that make you panic?)
Go your own way
(Is it Mother Nature's sewing machine?)

Hold your own
(Are the things that make you blow?)
Know your name
(Hell, no reason, go on and scream)
Go your own way
(If you're shocked it's just the fault of faulty
manufacturing)

Everything it will be fine
Everything in no time at all
Hearts will hold
