Is anything hiding beneath the sky  
If only the wind taught my feet to fly  
Mmm  
So maybe the clouds are a little shy  
It's making me wonder  
Mmm  
It's making me wonder

If everything's this beautiful beneath the pavement  
If everything is beautiful inside my mind

And I feel it going down  
I feel it  
And I feel it all around my body  
The sun is certainly shining on everything

It's new in my eyes like the morning light  
Rushing like waves through the countryside  
You took me down like a landslide  
Taking me under  
Mmm  
You're taking me under

And everything's this beautiful beneath the pavement  
Everything is beautiful inside my mind

And I feel it going down  
I feel it  
And I feel it all around my body  
The sun is certainly shining on everything

Seems to be every mother is greiving  
Used to grass underneath the trees  
Steady as a vampire sucking on phone lines  
Turning spells  
Shining on everything  
Oh

(Ooh)  
(Ooh)  
(Ooh)

And I feel it going down  
I feel it  
And I feel it all around my body  
The sun is certainly shining on everything  
The sun is certainly shining on everything
