Thrown under the train
I couldn't see it coming but I feel the pain
Tied to the tracks
Slowly dying fast

And I would do it all again for you my love
And nothing that I do is ever good enough

So maybe I shouldn't be so careless with what I give
away
I don't believe in being cautious
So I surrender every ounce of my courage and every
bit of my breath
But you couldn't care less

I fell over my feet
You are the only one that trips me out
Completely under my skin
That is where you are and where you've always been

So long since I have had to fight for love
And even if I win I'm gonna lose too much

So maybe I shouldn't be so careless with what I give
away
I don't believe in being cautious
So I surrender every ounce of my courage and every
bit of my breath
But you couldn't care

And I cannot forgive you for your touch
To give me just a taste is not enough

So maybe I shouldn't be so careless with what I give
away
I don't believe in being cautious
So I surrender every ounce of my courage and every
bit of my breath
But you couldn't care less
No
You couldn't care less

No
You couldn't care less
