Staring at the sky  
Colors in my eyes are changing  
I can't tell you why  
The wires in my heart are aching

I was so happy on my own  
But now I'm scared to be alone

Cuz no one in my life  
As ever felt so right like you  
And now I don't know what to do

Even if I try  
I can't imagine life without you  
And now I don't know what to do

If I touch your skin  
I'm afraid I might just sink in  
And I'll kiss your lips  
The taste, the magic that you been hiding

I was so happy on my own, yeah  
But now I'm scared to be alone

Cuz no one in my life  
As ever felt so right like you  
And now I don't know what to do

Even if I try  
I can't imagine life without you  
And now I don't know what to do

Cuz everything was black and white  
And now it's ultraviolet light

No one in my life  
As ever felt so right like you  
And now I don't know what to do

Even if I try  
I can't imagine life without you

And now I don't know what to do

Now I don't know what to do  
And now I don't know what to do
