A lonely yellow light gets swallowed by the morning in  
New Hampshire  
And casts a shadow on the pavement where we used to  
walk together  
Yeah  
Yeah  
Yeah

But in a small town made of hills and trees and  
streams  
All you've got to believe is what you dream  
I know she will make it somehow

'Cause she is from New Hampshire  
Yeah  
She said she wants to see it all  
Putting on her make-up  
She's making her last telephone call  
She says she's leaving me now

My eyes are following the lines that lead away from old  
New Hampshire  
Yeah  
But she's gone out of view and taken with her clarity  
and laughter

But in a big town made of hard and scary things  
All you've got to believe in is what you dream  
I know she will make it somehow

She is from New Hampshire  
Yeah  
She said she wants to see it all  
Putting on her make-up  
She's making her last telephone call  
She says she's leaving

Why is growing up so bad for love  
It only takes us further from what means the most  
She means the most and now she's gone away

But she is from New Hampshire

Yeah  
She said she wants to see it all  
Putting on her make-up  
She's making her last telephone call  
She says she's leaving me now  
She says she's leaving me now  
She says she's leaving me now  
New Hampshire  
New Hampshire
