Someone is waiting
Someone who understands exactly how you feel
Exactly how you feel

Someone is dreaming
Someone is hoping just that this will be the day
That this will be the day

That you take your eyes off the ground
Out of the blue you see that someone is looking right
back at you

Maybe that someone's me
Maybe it's meant to be
Lovers
Strangers
Sometimes bombs fall quietly

Maybe it's chemistry
Maybe it's hard to see that someone is the right one
Well I hope that someone is me

Nobody's perfect
Nobody's perfect
No one really knows the truth
All we've got's a point of view

There's too many questions
There's too many questions and too many reasons not
to try
There's too many reasons not to try

But you
You take your eyes off the ground
Out of the blue
And see that someone is looking right back at you

Maybe that someone's me
Maybe it's meant to be
Lovers
Strangers
Sometimes bombs fall quietly

Maybe it's chemistry
Maybe it's hard to see that someone is the right one
Well I hope that someone is me

Where you gonna go from here 'cause everything you
need's out there
You can have it if you dare
If you dare

There's someone
Somewhere

There's someone
Somewhere

There's someone
Somewhere

There's someone
Somewhere

Maybe that someone's me
Maybe it's meant to be
Lovers
Strangers
Sometimes bombs fall quietly

Maybe it's chemistry
Maybe it's hard to see that someone is the right one
Well I hope that someone is me
Someone is me
Someone is me
I hope that
I hope that someone is me
