Oh hold on a minute Mr. God,
Why would you let us build these goddamned bombs?
Yeah
You imagine, you create by (?) of hate. Mmm, nooo
What have we done to your world? Yeah, mmm

Hey Mr. Classy, congressmen,
What happened to your caravan? Ohh yeah.
Seems like everyone I know, Ohh yeah
Is still against your little war.
And ohh, I've got one small question for you.

Do you like that gun? Ohh love, love.
Only closer, as the world throws you away.
Oh love, love,
Don't forget me, no, no, cause I
Will find you again.
Oh lovely love.

Hold on a minute Mr. God
Why would you let us build these goddamned bombs?
You imagine, you create, by (?) of so much hate.
And ohh, I've one small question for you.

Oh what'll you do now?
Oh love, love.
Only closer, as the world throws you away.
Oh love, love.
Don't forget me, no, cause I
Will find you again
Oh lovely love.
