People wait all their lives
To finally feel this way
It's only once in a lifetime
You give yourself away

But you're my best friend
You're my dream that came alive
You're my reason
You're my faith and you're my fire
You're my lover
You're my angel in the night

You're my sunrise
You're the stars and I'm the sky
You're my best friend
You're my only love until the end
You're my best friend

Words won't say what you are
So I won't even try
Suddenly I know I'll love you
Until the day I die

But you're my best friend
You're my dream that came alive
You're my reason
You're my faith and you're my fire
You're my lover
You're my angel in the night

You're my sunrise
You're the stars and I'm the sky
You're my best friend
You're my only love until the end
You're my best friend

You're my best friend
You're my dream that came alive
You're my reason
You're my faith and you're my fire
You're my lover

You're my angel in the night

You're my sunrise
You're the stars and I'm the sky
You're my best friend
You're my only love until the end
You're my best friend

People wait all their lives
And never feel this way
