Hey hey

Chased, chased out into the woods
Footsteps close behind my back
I never knew how close I stood
Shame has brought me to my knees
Love protects the heart, is it just as you please?

Fights, fights up and down each shore
We may be outnumbered here
The lions start to roar, cry, cry for all to hear
Cry, the world goes on
Would you lend me your ear for a moment?
I still care, even now

Chased, chased by the angry mob
Trying to steal my heart from me
Steal from me my love for God
Watch as stars fall from the sky
Wait until the oceans dry up
But even then I still feel loved
Even so, I feel cared for, even now

So look in my eyes again
Do you recognize my face?
One of despair again
Is it gone without a trace?
I feel I'm alive again, rescued from the void
Here I'm alone with you
Here I'm at home with you, even now

Look, look they're running close behind
Those you thought your enemies
Are friends now standing by your side
Fight for every step you take
Shaped by every lie you've ever heard

Pain, pain, the pain I've been forced to see
Blame, the blame belongs
To no one but me but oh, I still care
Even so, I still feel loved
Even so, even here, even now

Even now, even now, even now
