I'm gonna love you like you've never been loved  
I'm gonna kiss you like you've never been kissed  
I'm gonna hold you like you've never been held  
I'm gonna miss you like you've never been missed

I do believe you hold my soul in your hands  
I understand I see the world through your eyes  
Cause when it hurts, it really, really hurts  
And when you cry, everything cries

I'm gonna love you like you've never been loved  
I'm gonna kiss you like you've never been kissed  
I'm gonna hold you like you've never been held  
I'm gonna miss you like you've never been missed  
Why do you keep me up in the air  
Make no mistake, oh you got inside of me  
Why don't you tell me what you want me to hear  
Make no excuse, oh you got the best of me

I'm gonna love you like you've never been loved  
I'm gonna kiss you like you've never been kissed  
I'm gonna hold you like you've never been held  
I'm gonna miss you like you've never been missed
