

## **The Call** **"Modern Romans"**

Visit "[Modern Romans](#)" on [MotoLyrics.com](#)

Modern Romans, false gods  
Colonial maneuvers, the writings on the wall  
Maybe a solution working on a clue  
Now we know for certain, now we know for sure

Modern Romans, lies on parade  
Instruction to the masses, protect us they say  
Looking for answers, working it through  
Now we know for certain, now we know for sure

Your judgment is demanding, you push beyond the  
need  
World domination, runaway greed  
Maybe, just maybe, maybe its true  
Now we know for certain, now we know for sure

Tired of your judgments, your demands  
Forgiveness is beyond you, you will never understand  
You love the nightlife, stepping with crowd  
Do you know desperation, have you ever cried out loud

Total repetition  
Total repetition  
Total repetition

Modern Romans, false gods  
Colonial maneuvers, pagan sword  
Maybe there's an answer, looking for a clue  
Now we know for certain, now we know for sure
