"Turn A Blind Eye"

To the desperate young, turn a blind eye
To the old and lonely, turn a blind eye
To our inhumanity
To our death dealing vanity

To the methods of persuasion, turn a blind eye
To the masters of evasion, turn
To the science of control, turn a blind eye
To a world in chains, turn turn

To the sellers of illusion, turn a blind eye
To masters of confusion, turn a blind eye
To a hollow culture
To the circling vulture

To lovers of power, turn a blind eye
And to a final hour, turn a blind eye
To the resurrection
To a world in chains, turn turn

I don't want to get involved
It's not my problem
I'll just ignore it
I don't want to feel this

To the starving children, turn a blind eye
To your own redemption, turn
To the horror of extinction
To a world in chains, turn turn turn
