Well, it only took a moment  
For the cages to explode  
I say it must be released  
From corruption of the soul, but oh

Have you heard the latest cry?  
Yeah, we've heard it all before  
A weapon falls from the sky  
Yeah we've seen it all before

Buildings live and people die  
War weary world

It's the song of quiet courage  
From the children of the night  
That learned the price of freedom  
They've learned to live to fight

Have you heard the reasons why?  
Yeah we've heard it all before  
But have you seen the nation cry?  
Yeah we've seen it all before

Many times, many times  
War weary world  
War weary world

Love breaks a man  
Sends him ruin  
Love rebuilds him  
Brings him ruin

It's a time of strange teaching  
Hear the moanings of regret  
From the schools of revolution  
The stages have been set  
Oh, but listen

It seems wars are meant to happen  
And pain is meant to be  
But if hope is eternal  
Then a hiding place for you and me

Have you heard the latest cry?  
Yeah we've heard it all before  
A weapon falls from the sky  
Yeah we've seen it all before

Buildings live and people die  
War weary world  
War weary world
