There's a couple of things I've learned  
On the many roads I've taken  
Flames are not what get you burned  
It's the cold and the ice  
Here's a piece of advice  
I got from a little bird  
The flames can get you  
Stirred  
It's the cold that leaves you shaken  
I don't like to philosophize  
I just want to tell a story  
Always leave when a woman cries  
Never look in a woman's eyes  
You'll get stuck with a high and rising fever  
And then you can't leave her  
Please, don't wait man  
It's almost too late man  
She cries and you want to hold her  
She lies and you want to run away  
But just give her a minute  
I promise you're in it to stay  
She smiles and you'll stay forever  
She screams  
Well, that's the price you pay  
But there's no one can make you  
Forget how you feel  
For all she can take  
You've got more there to steal  
So you don't mind a bit of surprise  
And she cries  
I don't like to admit I'm wrong  
I believe in guts and glory  
But it's time I should change my song  
I've been here just a bit too long  
Always thought I was much too strong for hating  
And still I keep waiting...  
And while I'm resolving

That door keeps revolving  
She cries and you want to hold her  
She lies and you're half way out the door  
But you never can do it

She'll make you go through it once more  
She smiles and you'll stay forever  
She sings  
Oh, she's got you now for sure  
And each time that you swear  
That you will not give in  
She'll throw you a stare  
That'll show you can't win  
It's amazing how hard each man tries  
But she cries  
All of a sudden  
You fall for her charms  
You promise you'll stop all her tears  
All of sudden  
She's back in your arms  
And the walls start closing  
And blocking out the light  
And changing all your dreams  
And right before your eyes  
She cries  
And I don't know the answer  
She spies  
And there's no place I can hide  
When I look in the mirror,  
There's nothing but fear here inside  
I run  
And still she is right behind me  
I fall  
The chasm is too wide  
So I'm stuck in this world of her magic mystique  
Where I'll never be more than her toy of the week  
But each time I prepare my goodbyes  
Well, she catches me looking  
And she opens the floodgates  
And she cries
