Charlie, you look quite down
With your big fat eyes
And your big fat frown
The world doesn't have to be so gray
Charlie when your life's a mess
When your feeling blue always in distress
I know what can wash that sad away
All you have to do is

Put a banana in your ear
A banana in my ear?

Put a ripe banana
Right into your favorite ear
It's true
Says who?

So true
Once it's in your gloom will disappear
The bad in the world is hard to hear
When in your ear a banana cheers
So go and put a banana in your ear

Put a banana in your ear
I'd rather keep my ear clear

You'll never be happy if you live your life in fear
It's true
Says you

So true
And it's in the skies are right and clear
Oh every day of every year
There's sunshine bright on this big blue sphere
So go and put a banana in your ear
Oh of course he bursts into flames! '
