I lived my life for a while
Asking for signs to believe in
God played defense in my trial
Quietly hanging there bleeding
While i cast lots for his robe
While i point my bloody finger
He pays debts that i owe
He says "Father, forgive them"
I used to ask for a sign to believe in
But he never gave me a reason to ever doubt Him
Give me one reason to doubt He is Messiah
Give me one reason to doubt He is alive
Give me one reason to doubt i am the apple of His eye
Just one reason now
Just one reason to doubt
Ahh ah ah
Just one reason now
Just one reason to doubt
Jesus Christ
I see the faith of our fathers
Abraham, Issac, and Jacob
They never saw what was promised
But they never once felt forsaken
Through fire, famine, and sword
Tribulation and war
They never asked for a sign to beleive in
So tell me how we stand in judgment and ever doubt
Him
Give me one reason to doubt He is Messiah
Give me one reason to doubt He is alive
Give me one reason to doubt i am the apple of His eye
Just one reason now
Just one reason to doubt
Ahh ah ah (x2)
Just one reason now
Just one reason to doubt
Jesus Christ
