I don't know where I'm at
I'm standing out the back
And I'm tired of waiting

Waiting here in in line
Hoping that I'll find
What I've been chasing

I shot for the sky
I'm stuck on the ground
So why do I try?
I know I'm gonna fall down

I thought I could fly
So why did I drown?
You never know why
It's coming down, down, down

Not ready to let go
'Cause then I'll never know
What could be missing

But I'm missing way too much
When do I give up
What I've been wishing for?

I shot for the sky
I'm stuck on the ground
So why do I try?
I know I'm gonna fall down

I thought I could fly
So why did I drown?
You never know why
It's coming down, down, down
Oh, I'm going down, down, down

I can't find another way around
And I don't wanna hear the sound
Of losing what I never found

I shot for the sky

I'm stuck on the ground
So why do I try?
I know I'm gonna fall down

I thought I could fly
So why did I drown?
I'll never know why
It's coming down, down, down

I shot for the sky
I'm stuck on the ground
So why do I try?
I know I'm gonna fall down

I thought I could fly
So why did I drown?
Oh, it's coming down, down, down
