1)

What was it that got broken inside of you?
That sent you off searching down empty avenue
Rooms crawling smoky when you stumble through
looking for a little truth somehow

Chorus:

I hope you found it now - Yeah
I hope you found it now

2)

What was it inside you love never satisfied?
The thin thread that held you - how did it come untied?
The great you only ran from the bridges that you
burned
the peace of mind you learned to live without

Chorus x2

Bridge:

The burdens that you carry and all of your mistakes
You're looking for a place to lay them down

Chorus x5
