I tried to write
The perfect song
But every time I do
I feel like, it just comes out wrong
I've tried to find
The perfect words
I'm still looking for
The ones that you deserve

And I don't know
If I will ever find
The perfect way to tell you, why
When every time I try...

[Chorus]
I'm right back at the first date
And the first kiss
That couldn't wait
'Cause every moment meant so much
I couldn't let it pass
I'm right back where I first stood
When I first knew
That I would, always love you
And you know
I've never looked back
And every time I try to tell you how I feel
I feel like that
I feel like that

It's hard to give
When I am still fallin'
But I haven't hit the ground
But I hope
You can understand
I'm only trying to say
In the best way that I can

And I don't think
That I will ever find the perfect way to tell you, why
When every time I try...

[Chorus]

I'm right back at the first date
And the first kiss
That couldn't wait
'Cause every moment meant so much
I couldn't let it pass
I'm right back where I first stood
When I first knew
That I would, always love you
And you know
I've never looked back
And every time I try to tell you how I feel
I feel like that
I feel like that

And I don't know
If I will ever find the perfect way to tell you, why
'Cause every time I try

I'm right back at the first date
And the first kiss
That couldn't wait
'Cause every moment meant so much
I couldn't let it pass
I'm right back where I first stood
When I first knew
That I would, always love you
And you know
I've never looked back

I'm right back at the first date
And the first kiss
That couldn't wait
'Cause every moment meant so much
I couldn't let it pass
And every time I try to tell you how I feel
I feel like that
