It's dark and there are people everywhere
It's loud and there are noises in the air
All around these buildings look so cold
And they look down on one more story left untold
And one more sunset that won't turn gold

refrain:

'Cause this lonely is killing me
And I don't see what I can't quite reach
And I won't be able to come to shore
When I'm lost floating like a boat in the ocean
The midnight starlight won't shine anymore (yeah,
anymore)

This town everybody seems far away
And I found that everything that I try to say
Falls down on the ground beneath my feet
And I just want something that makes me feel like
I'm not crazy, there's something real

refrain:

'Cause this lonely is killing me
And I don't see what I can't quite reach
And I won't be able to come to shore
When I'm lost floating like a boat in the ocean
The midnight starlight won't shine anymore (yeah,
anymore)

bridge:

I've tried to figure it out
I've tried but I don't know how
And I'll do anything to turn it around
If somebody could help me now

This lonely is killing me
And I don't see what I can't quite reach
And I won't be able to come to shore
When I'm lost floating like a boat in the ocean
The midnight starlight won't shine

Oh, lost floating like a boat in the ocean

The midnight starlight won't shine
Oh, lost floating like a boat in the ocean
The midnight starlight won't shine anymore, anymore

Anyone? ... I'm waiting here for you
