When I saw your face
It was like a space
In my heart was filled
It's like I knew
From the very start
That you were every other part of me

Chorus:

And it's like I have loved you since
From the moment when
Since time began
You fill my heart

Oh, oh, love of mine
Why did it take so long to find?
Your touch
Hope was never gone
Even though it took so long
To find you

Chorus:

Because I have loved you since
From the moment when
Since time began
You fill my heart

Chorus:

And I have loved you since
From the moment when
Since time began
You fill my heart

And I have loved you since
From the moment when
Since time began

And I have loved you since
From the moment when
Since time began

And I have loved you since
From the moment when
Since time began
You fill my heart
