"Don't Hold Your Breath"

This day is dead
This day is dead
Catch him by the tongue until He says:
"I've wasted it..."

If I could tell You, I would

All I know is I thought I saw You crawl back for more

It's like You said
Just like You said
I'll hold my breath for You instead
But don't count on it.
If I could tell You, I would
If I could hold You, I would
I should have told you I could.

All I know is I thought I saw You crawl back for more
