Wake up little girl  
Daddy's waiting outside  
Holding your favorite toy  
His eyes are full of joy  
He can't wait to see your face  
He's craving for that moments sweet embrace  
His body starts to shiver  
Cause this is the first time you'll see each other but

Everything was an imagination  
You were a victim of a fad illusion  
There's nothing you can do(2x)

Cause when we close our eyes  
We hear more lies  
Fake lullabies  
Poisoning our minds

Clouds are running faster  
As your eyes are getting heavier  
Things are not so bright  
Cause the moon won't she'd it's light  
Merry's not around  
I don't know where to be found  
But who knows  
Maybe in a rainbow

Everything was an imagination  
You were a victim of a fad illusion  
There's nothing you can do(2x)

Cause when we close our eyes  
We hear more lies  
Fake lullabies  
Poisoning our minds

Wake up little girl  
Daddy's gone forever  
But who knows  
Maybe in a rainbow

Cause when we close our eyes  
We hear more lies  
Fake lullabies  
Poisoning our minds  
Cause when we close our eyes  
We hear more lies  
Fake lullabies  
Poisoning our minds
