Outside before you
Who's left to step to?
Follow me back through
Should be, could be you

My fear of fire back cover me
Steal sure fire over me
Sea of fireflies
Hover in the dark
Following tracers
Scattering apart
Following me

Black cat, firecrack, shoot
Could be, should be you
My fear of fire back cover me
Steal sure fire over me
Sea of fireflies
Hover in the dark
Following tracers
Scattering apart
Following me
