A picture of you reminds me  
How the years have gone  
So lonely  
And why do you have to leave me  
Without saying that you love me

I'm saying I love you again  
Are you listening?  
Open your eyes once again  
Look at me crying

If only you could hear me shout your name  
If only you could feel my love again  
The stars  
In the sky will never be the same  
If only you were here

A picture of you reminds me  
How the days have gone so empty  
And why do you have to leave me  
Without saying that you love me

I'm saying I love you again  
Are you listening?  
Open your eyes once again  
Look at me crying

If only you could hear me shout your name  
If only you could feel my love again  
The stars  
In the sky will never be the same  
If only you were here

I'm saying I love you again  
Are you listening?  
Open your eyes once again  
Look at me crying

If only you could hear me shout your name  
If only you could feel my love again  
The stars

In the sky will never be the same

If only I had wings so I can fly  
I wanna be with you for all of time  
My love  
For you will never die

If only you could hear me shout your name  
If only you could feel my love again  
The stars  
In the sky will never be the same  
If only you were here  
If only you were here
