Oh Sylvia wild and full of grace  
You see it written on her face  
You know they lock her door from the outside  
A subtle smile you couldn't place  
Cuz it was slapped off of her face  
Whose patience then is it that's being tested  
No harm  
There's no harm done besides, there's no harm  
There's no harm done

I wonder how you coexist  
Displaced, pathetic and dismissed  
She is not the one who sees things that way  
They said it once they'll say again  
Will this frustration ever end  
Time and time again they say you did this  
There's no harm  
There's no harm done besides  
There's no harm  
There's no harm done

It seems so never-ending  
I'm tired of compromising  
Your praise is condescending  
Who ends up sacrificing all  
I put in all this effort  
I put in all this effort  
And this is now or never  
And this is now or never

Oh

Leave it all alone  
This is what I want  
I can fend for myself  
Carry on  
Leave me all alone  
This is what I want  
I can fend for myself  
Carry

I wouldn't call it cowardice

The scars you wear I will dismiss  
As mere reflections of a girl who's had it hard  
Dear  
There's no harm done  
No, none at all dear,  
There's no harm done.
