Hey girl, do you have time?
Can we sneak off somewhere and have a talk?
'Cause I've got things I've got to get off my chest
Something's you may not have heard yet, oh baby

You would be the only love that I need
And you would be the last breath that I breathe
You would be the words I read that say to me we're
meant to be
So how could he possibly not see, how beautiful u r

Girl, how does he miss the things so special to me
Girl, he'll never be the thing that I am naturally
Girl, how could he touch your face and never really see
Girl, how beautiful u r

I know you've got someone
But he don't understand what your heart needs
He is so irresponsible, it's incredible that he's not on
his knees
Asking you to be, so I'm gonna say it

You would be the only love that I need
And you would be the last breath that I breathe
You would be the words I read that say to me we're
meant to be
So how could he possibly not see, how beautiful u r

Girl, how does he miss the things so special to me
Girl, he'll never be the thing that I am naturally
Girl, how could he touch your face and never really see
Girl, how beautiful u r

Girl, I know just how to make you feel good
I'm going to have to take control
It's so much more than sexual
'Cause girl, you're so beautiful

So beautiful u r
So beautiful u r
So beautiful u r
So beautiful u r

So beautiful, you're beautiful
Beautiful u r

Girl, how does he miss the things so special to me
Girl, he'll never be the thing that I am naturally
Girl, how could he touch your face and never really see
Girl, how beautiful u r

Girl, how does he miss the things so special to me
Girl, he'll never be the thing that I am naturally
Girl, how could he touch your face and never really see
Girl, how beautiful u r
