I knew you were different from the way you smiled
When you walked by
You was sexy as hell and somehow I can tell that
You was kinda shy

I seen you before
But I been waitin' for the right time
To tell you all the things
That have been running through my mind

Do you have some one to call your own?
Do you have some one waitin' by the phone?
Do you have some one you've been thinkin' of?
But guess what I got to know is there some one you
really love?
(If not then)

I wanna talk to you
Get to know the things you like to do
I've been searchin' for a special girl
And it could be you

'Cause in all my dreams I see you and me
And that's the truth
So before you go I just got to know
Can I talk to you yeah

If you don't mind
I've got a few things id like to ask you
When your alone or with your friends
What other kind of things you like to do?

What's your favorite song?
Ain't that the one that's on your ringtone
If I asked you out right now
Would you say yes or would you tell me no?

Do you have some one to call your own?
Do you have some one waitin' by the phone?
Do you have some one you've been thinkin' of?
But guess what I got to know is there some one you
really love?

(If not then)

I wanna talk to you
Get to know the things you like to do
I've been searchin' for a special girl
And it could be you

'Cause in all my dreams I see you and me
And that's the truth
So before you go I just got to know
Can I talk to you, yeah

So tell me what is in the man your lookin' for?
If you give me a chance I'll show you I'm all those thing
and more
You must think I'm so crazy I feel so ashamed
I got so caught up I haven't even asked you for your
name

I wanna talk to you
Get to know the things you like to do
I've been searchin' for a special girl
And it could be you

'Cause in all my dreams I see you and me
And that's the truth
So before you go I just got to know
Can I talk to you, yeah

I wanna talk to you
Get to know the things you like to do
I've been searchin' for a special girl
And it could be you

'Cause in all my dreams I see you and me
And that's the truth
So before you go I just got to know
Can I talk to you, yeah
