Hey there excuse me miss  
I'm sorry that I stopped you on the street like this  
But you look like someone that I once knew

Don't you recognize me?  
I used to live down at the end of your street  
Tell me how's things girl, what's been up with you?

Pretty lies can't disguise the pain that I see in your eyes  
You can't fool this whole world no matter how hard you try  
I can't but what your selling me  
And there's more to the story you ain't telling me

Hey little sister, it's been a long time and I've missed ya  
Tell me what your doing out here all alone  
Hey baby girl, now tell me what's wrong with the world now  
Did you take the wrong turn, can you find your way home?

You used to play hopscotch and double dutch  
But you were kind of shy, didn't say too much  
Tell me is that little girl still inside of you

You had big dreams and your big brown eyes  
Trying to be the brightest star in the sky  
But fairy tails don't always come true

Pretty lies can't disguise the pain that I see in your eyes  
You can't fool this whole world no matter how hard you try  
I can't but what your selling me  
And there's more to the story you ain't telling me

Hey little sister, it's been a long time and I've missed ya  
Tell me what your doing out here all alone  
Hey baby girl, now tell me what's wrong with the world now  
Did you take the wrong turn, can you find your way

home?

You tell me girl you're okay, atleast that's what you say  
See the pain, it might as well be written on your face  
Tried to be a star, didn't get too far  
Cause someone took your dream and tore it all apart

Well you don't mind me sayin', it's yourself you're  
playin'  
You're messin' with your life, you think it's all a game  
You tried it on your own and now you're all alone  
I think you better check yourself and find your way back  
home

I can't but what your selling me  
And there's more to the story you ain't telling me

Hey little sister, it's been a long time and I've missed  
ya  
Tell me what your doing out here all alone?  
Hey baby girl, now tell me what's wrong with this world  
now  
Did you take the wrong turn, can you find your way  
home?

Hey little sister, it's been a long time and I've missed  
ya  
Tell me what your doing out here all alone?  
Hey baby girl, now tell me what's wrong with the world  
now  
Did you take the wrong turn, can you find your way  
home?

Little sister, it's been a long time, long time  
Tell me what your doin' here, what your doin' here?
