She was from the other side of town
A place where skin like mine just ain't around
A place of unwritten laws and ancient ways
Where no one dares to stray

But as our destiny's were laughing
Some how we came to be close friends
And now I'm haunted by this crazy secret
That's got me crying till the end

How much I wanted, how I needed to let my feelings
show
How much my heart overflowed, she'll never know
How much I loved her, I couldn't hurt her so I had to let
her go
How much it tortures my soul, she'll never know

Every time she looked into my eyes
I knew that all she wanted was a sign
Oh, but that was the one thing I couldn't do
'Cause of all the hell they'd put her through

They would cast her aside forever
And I could never watch her be disowned
There's just no way I won't put her through it
And that's why she'll never know

How much I wanted, how I needed to let my feelings
show
How much my heart overflowed, she'll never know
How much I loved her, I couldn't hurt her so I had to let
her go
How much it tortures my soul, she'll never know

It hurt so bad to be denied without a reason there is no
reason
It was too much to keep inside all I could say was
goodbye

How much I wanted, how I needed to let my feelings
show
How much my heart overflowed, she'll never know

How much I loved her, I couldn't hurt her so I had to let
her go
How much it tortures my soul, she'll never know

How much I wanted, how I needed to let my feelings
show
How much my heart overflowed, she'll never know
