Lately I've been feeling the pressure, babe  
Of trying to find a way I could get ya, hey  
Now normally I won't be the type to sweat ya  
But when you're with me feels like a hundred degrees

Yeah, now every time we have conversations, babe  
We seem to run into complications, hey  
You keep talking 'bout both our situations  
But all I really see is we both know what we need

So baby, let me tell you

Many girls have come and gone  
But through it all I know for sure  
That

You're the one I want  
You're the one I need  
You're the one I want  
You're the one I need

Many girls have come and gone  
But through it all I know for sure  
That

You're the one I want  
You're the one I need  
You're the one I want  
You're the one I need

You and I both know we can perfect, hey  
We should give it a try 'cause it's worth it, babe  
Come on stop playing 'cause you know damn well we  
deserve it  
You need to stop fronting, you might just end up with  
nothing, yeah

'Cause on the real your actions  
Just don't make sense in me to go on  
But you feel so you can kill your questions  
The sea is deeper than the physical  
More like the most spiritual, pitiful of our life time

Give, our love a try

Many girls have come and gone  
But through it all I know for sure  
That

You're the one I want  
You're the one I need  
You're the one I want  
You're the one I need

Many girls have come and gone  
But through it all I know for sure  
That

You're the one I want  
You're the one I need  
You're the one I want  
You're the one I need

Wait a minute now, are you trying to fight me?  
I really know you want me, babe  
Tell me what you're so afraid of?  
Scared you're gonna fall in love

Don't hesitate in letting good things slip away  
Better act now before it be too late  
Now act, don't play again, play myself  
But as it's just that you give it a try so, baby

Baby, give our love a try  
Put your worries and your fears aside  
Oh baby, give our love a try  
Put your worries and your fears aside

Oh baby, give our love a try  
Put your worries and your fears aside  
Oh baby, give our love a try  
Put your worries and your fears aside
