There's no turning back  
Back out of life  
Life's adversity  
A grotesque contradiction

Drowning in hope  
Hope gets distorted  
Distorted mental state  
Feel the pain of life

I hold in contempt  
Those without thoughts  
A stupid kind of happiness  
Not aware of what's to come

Scarce moment of joy  
To good to be true  
Feelings lighten up  
Who will take it away

Thinking you've got friends  
Feeling good inside  
Comparative moments  
Of joy will fade away  
Gaining feelings  
It feels so good inside  
Comparative moments of joy  
Will be taken away

People surrounding me  
Don't understand my ways  
Forcing myself into depression

Going through a mental hell  
Bust up my own mind  
Comparative moment of joy  
Has been taken away  
Time after time  
Things seem so different  
Don't grow attached to people  
They'll take it all away
