

## Acrostichon "Zombies"

Visit "[Zombies](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Totally controlled  
It has filled your mind  
Attracted all your feelings  
Caught you from behind  
Keeps away the thoughts  
From your conscious life  
Removes all the pleasure  
Hurts you like a knife

No emotions in your face  
Apathetic creature  
A zombie (that's what you are)  
And you are on your own  
Tell me there's a way  
For me to take away your pain  
Fill me in on the horrors  
That haunt your brain

ZOMBIES!!

[REPEAT VERSE 1 TWO TIMES]
