A picture of you reminds me
How the years have gone so lonely
Why do you come and leave me
Without saying that you love me

I'm saying i love you again
Are you listening
Open your eyes once again
Look at me crying

If only you could hear me
Shout your name
If only you could feel
My love again
The stars in the sky will
Never be the same
If only you were here

A picture of you reminds me
How the days have gone so empty
Why do you come and leave me
Without saying that you love me

I'm saying i love you again
Are you listening
Open your eyes once again
Look at me crying

If only you could hear me
Shout your name
If only you could feel
My love again
The stars in the sky will
Never be the same
If only you were here

I'm saying i love you again
Are you listening
Open your eyes once again
Look at me crying

If only you could hear me

Shout your name
If only you could feel
My love again
The stars in the sky will
Never be the same
If only i had wings
So i can fly
I want to be with you
For all of time
My love for you
Will never die

If only you could hear me
Shout your name
If only you could feel
My love again
The stars in the sky will
Never be the same
If only you were here
(if only you were here)
