Its a long long rd to a better destination
Is it for real or is it jst an imitation
Are we gonna carry on chippin
Away at this rock
There must b a better way of livin
Or mayb it's time to stop

Chorus
But the thought of u slippin
Through my fingers it hurts me so
Everythings gonna b alrite
If u kst hold me
Promise that you'll neva let go
(promise you'll neva let go)
I dnt eva wanna b apart
Promise that you'll neva let go
Oooh dnt let go

They say your eyes are the window to the soul
But you run for cover instead of baring yourself
Wot is your goal
I wanna c u cry over me but ur as
Stiff as that rock
I've she'd so many tears so maybe it's time
To stop

Repeat chorus

There's nothing like the fear of you not being here
I'll always b by ur side
U make me feel alive
We put each other down
You've always known how to make
Me feel so real

Promise that you'll neva let go
[promise you'll neva let go]
Dnt let go
Promise that you'll neva let go
[promise you'll neva let go]
I dnt eva want to b apart

Promise that you'll neva let go
Ooh dnt let go

Promise you'll neva let go
I dnt wanna b alone no
