i try to keep my head abouve the water  
theres nothing that i wouldnt do  
to get my life bck in order  
got to make it through  
i've been going through a lot of changes  
taking one day at a time  
going all kinds of places

you're my love  
you're my best friend  
and you're my blood down to the end  
you're the one that i depend on  
had my doubts but you were neva wrong

you're my love  
you're my best friend  
and you're my blood down to the end  
you're the one that i depend on  
had my doubts but you were neva wrong

chorus  
i sed i'd try for u
