Elephant ? in your heaven. Leaving us to our own hell.  
Pointing fingers after rifles. Point is lost in rifle shells.  
The point is lost on them. Alcohol will see you through  
this. Wasting ? to wash your hands. Shamed before the  
? ? ? ?. ? ? ? ? trouble ?. But you got it on your hand. We  
want to fly like angels. We float like rocks in water. I  
know this bird's an angel. We meet like oil and water.  
Safe tonight. The night is over. Safe to fly forever. Tiny  
things ? ? ? ?. Who could want the media ?? Life begins  
with aspirations. Don't wait to ? ? ?. You've forgotten  
what ? ?. Rainy days are now upon us. ? ? ? nothing's  
safe. Rainy days are here forever. Here, forever and a  
day. What a day it's been.
