WE'LL MEET IN THE YELLOW FOREST

Jay & The Americans

Saw you in the cloud late one night
Dancing for a living in blue light
You took a glance at me, we overlooked it
My eyes were searching for the secret as to whether
we'd fit
And I said:

CHORUS:

We'll meet (we'll meet) in the Yellow Forest
There it will be where we both can see
We'll meet (we'll meet) in the Yellow Forest
There's a world that's made for you and me

Time went racing on as the month passed
I caught you once again in your dance act
Your attitude has changed, you smiled at me
Now I can tell where we both should be

(chorus)

(instrumental)

(repeat chorus and fade)
