Let's lock the door and throw away the key now  
(Shom dooby-dum dooby-dum-dum)  
I can't wait to kiss you (oh no)  
One little minute more

We met at a party last week  
And the moment your eyes looked into mine  
Right then I just forgot how to speak  
And the soda started tastin' like wine

How I wished everyone would go home  
So I could say when I got you alone

Come on now  
Let's lock the door and throw away the key now  
(Shom dooby-dum dooby-dum-dum)  
I can't wait to kiss you (oh no)  
One little minute more

We started to talk and you smiled  
Sorta like you knew the way that I felt  
You moved a little closer in a while  
Then I knew my heart was startin' to melt

There was just so much I wanted to say  
But all the words came out this way

Come on now  
Let's lock the door and throw away the key now  
(Shom dooby-dum dooby-dum-dum)  
I can't wait to kiss you (oh no)  
One little minute more

Ahhhhh no! Oh yeah  
No! Oh yeah

I'll kiss your lips like a kiss oughta be  
And then I know you'll be sayin' to me

Come on now  
Let's lock the door and throw away the key now  
(Shom dooby-dum dooby-dum-dum)

I can't wait to kiss you (oh no)  
One little minute more
