See the raindrops falling, hear them fall so loud

Once I stood in sunlight; now darkness is my shroud

Rain never ever seemed to bother me

Trouble never came my way

The light of her love always followed me

Till her new love turned my world to gray

CHORUS:

Now he's raining in my sunshine, clouding up my sky

Yes he's raining in my sunshine, come between her
and I

All at once he's taken everything that's mine

Now he stands beside her, he walks in my sunshine

Why did he have to go and steal my love?

Why did he take her away?

She was the only thing I had in life

She was my sunny day

(Chorus)

(Instrumental)

(Repeat last 2 lines of verse 2, then chorus)
