Remember when we were young
And life was not this hard
Everyday was a game
Was never the same
Just go with the flow
And never know
What will go down

Remember the good old days
The good old days
When life was not this hard
Remember the good old days
The good old days
When everything went our way

Remember when we were young
Oh so long ago
When we did what we want
And no one cared
We just shared what comes around
The sound of happiness
Rang loud

Remember the good old days
The good old days
When life was not this hard
Remember the good old days
The good old days
When everything went our way

Remember the good old days
The good old days
When life was not this hard
Remember the good old days
The good old days
When everything went our way

The good old days always went our way x6
Best days behind

Remember the good old days
The good old days

When life was not this hard
Remember the good old days
The good old days
When everything went our way

Remember the good old days
The good old days
When life was not this hard
Remember the good old days
The good old days
When everything went our way
