My heart stopped beating
The day you told me
That you had sold me
Out for him
And i can't begin to describe how i feel
This can't be real beacuse

The hero doesn't win in this one
He can't compete with you in this fight
The hero doesn't win in this one
The hero doesn't ein tonight

My mind stopped thinking
The day that you told me
That you couldn't hold me
And that i would be alone
I went home and thought it was over
But i can't recover from the fact that you left me
The hero doesn't win in this one
He can't compete with you in this fight
The hero doesn't win in this one
The hero doesn't ein tonight

And the hero doesn't win (x4)
In this one (x2)
And the hero doesn't win (x2)
The hero doesn't win in this one
He can't compete with you in this fight
The hero doesn't win in this one
The hero doesn't ein tonight
The hero doesn't win in this one
He can't compete with you in this fight
The hero doesn't win in this one
The hero doesn't ein tonight
