Masked in deceit
Crying in defeat
Another broken heart
Where do I start
With no end in mind
I'll find it much harder to try
Leave me asking why
There is just no way for me

On an unknown road
Where does it go
To another broken home
I walk alone
But where is home
When I've got no place to go

It gets so lonesome when you walk alone
No one is with me, there in another perfect home
Will it ever end
When it never began
Another night all alone again
Leave me thinking you're still here
Believing you still care

On an unknown road
Where does it go
To another broken home
I walk alone
But where is home
When I've got no place to go

On an unknown road
Where does it go
To another broken home
I walk alone
But where is home
When I've got no place to go

I walk alone to another broken home

On an unknown road
Where does it go

To another broken home
I walk alone
But where is home
When I've got no place to go

On an unknown road
Where does it go
To another broken home
I walk alone
But where is home
When I've got no place to go
