Keep the ball rollin'
Keep the ball rollin'
Girl, the name of the game is love
On your mark, get set, let the kissin' start
And just keep the ball rollin', baby, right into my heart

How can you ask me to try and get by with just one little
kiss (one little kiss)
The kissin' you do
I need a second helpin' too (need a second helpin',
need a second helpin' too)
When you light the fire in my heart
And every part of me is burning for you
You've got to put your lips closer to mine (closer to
mine)
Girl, you got to follow it through (you got to follow it
through)
You got to follow it through (you got to follow it
through)

Keep the ball rollin'
Keep the ball rollin'
Girl, the name of the game is love
On your mark, get set, let the kissin' start
And just keep the ball rollin', baby, right into my heart

Half of a loaf isn't better than none when I'm starvin'
for you (when I'm starvin' for you)

Don't hold me tight if every night we stop at two (don't
stop. Keep the ball rollin')
If you want me there when you call
Then girl, it's all or nothing
Next time you do
You got to put your lips closer to mine (closer to mine)
Girl you got to follow it through (you got to follow it
through)
You got to follow it through (you got to follow it
through)

Keep the ball rollin'
Keep the ball rollin'

Girl, the name of the game is love
On your mark, get set, let the kissin' start
And just keep the ball rollin', baby, right into my heart

Yeah
Keep the ball rollin'
Keep the ball rollin'
Girl, the name of the game is love
On your mark, get set, let the kissin' start
And just keep the ball rollin', baby, right into my heart
