Applying moisturizer in the microwave window  
for the tenth time, he should've called me an hour ago.  
Would he be here with flowers if i lived in Arizona?

They say there's no love left in the big cities. It's kinda  
true.  
I guess you'll find me coming soon to a small town near  
you.  
I'll sell my guitar so i can by myself a tractor.

Fuck this, this can't be my life.  
I moisturized ten times tonight  
Why can't I sit down and write?  
Bring this question to light.

[chorus]  
Do you want a lover, or do you want a life?  
one hand or the other, the butter or the bread knife?  
Do you choose Winter, Spring, Summer, or Fall?  
It's driving me crazy...  
That I can't have it all.

If these walls could talk, they'd probably cry out for  
mercy  
'Til i'm outlined in chalk, I'll be romantically thirsty  
So I drink and drink from the proverbial time sink

Fuck this, this can't be my life,  
tears flowing in full force tonight.  
Why can't i sit down and write?  
Bring this question to light.

[chorus]

bridge  
Do we hold the future, or does it come in peace?  
And if it's in my hands, are you sure it should be in  
brittle hands like these?  
Life, love, and the pursuit of all the things they  
promised me  
Can i have all of the above? a

Are the best things in life truly free?

[chorus]
