I don't know where we're going  
but I know we've gone too far and  
I hope it isn't showing  
but I think I love you and  
I can't believe you're leaving  
just when I let you in and  
when you had me believing  
I could feel again

I could give a million reasons  
why we should not be friends  
our moods change like the seasons  
when my mood ends your mood begins and  
you're a tease, you're a cockblocker,  
you're a loudmouth bitch, and a big talker,  
but that's okay  
you'll grow up someday

[Chorus]

you're the pill I never wanted to take—  
an anti-misanthrope

mine was the heart I never thought you would break  
my one hope was that I'd survive you

I've shown up for you  
in ways that boy never would  
but I know you'll go back to him and  
maybe you should, but  
I hope you don't go backwards  
cuz I'm going on ahead and  
one day you'll wish that you had  
stuck with me instead

[Chorus]

as I wander through union square  
I remember when you followed me there  
you were the stalker I kinda wanted to have  
being your half-boyfriend was only half bad

[Chorus]
